## Freedom of Information Request: Our Reference CTMUHB\_396\_25

### You asked:

I am writing to request information under the Freedom of Information Act 2000.

I would like to request a complete breakdown of all NHS spending and expenditure for the most recent full financial year. I am seeking a comprehensive account of how the entire NHS budget is allocated and spent, covering all categories and sub-categories of expenditure, including every item and contract where possible.

Specifically, I am requesting all spending information across the NHS, including but not limited to:

Staffing costs (all salaries, benefits, training, recruitment, agency staff, consultancy fees, etc.)

Hospital and primary care service expenditure

Administrative and management costs

Procurement and contracts (medical supplies, pharmaceuticals, PPE, IT, external services, etc.)

Capital projects (buildings, infrastructure, IT systems, digital programmes)

Payments to private providers, charities, and third-party organisations

Regional, trust-level, and other local allocations of funding

Research and development expenditure

Any other areas of expenditure not listed above

I request this information at the most detailed level available, including line-by-line or transaction-level data if such records exist, so that every pound spent can be accounted for.
