Freedom of Information Request: Our Reference CTMUHB_558_25

You asked:

I am writing to request the following information under the Freedom of Information Act 2000.

1. For the last two full calendar years (or the most recent 24-month period you hold data for), how many patients died from cancer while on an NHS waiting list for treatment provided by Cwm Taf Health Board?

If available, please also indicate whether the figures relate to all cancer treatment pathways or only specific specialties. Any brief context or notes that may help interpret the data would also be appreciated.

Our response:

We can confirm that the Health Board does not hold data on whether patients died from cancer whilst on a waiting list.

The Health Board does not hold the death record with causality of mortality event and therefore cannot provide figures specifically for cancer-related deaths while waiting.

However, if required we can confirm the number of patients that may have died from any cause whilst on any waiting list, during the requested period. However, we cannot break this down by cause of death, cancer treatment pathways or specialty.
