You asked:

Under the Freedom of Information Act 2000, I request the following information regarding staffing at **Royal Glamorgan Hospital**:

- The number of **active staff members** (currently employed) in each of the following departments who have been employed **since or before 1st January 2018**:
 - **Concerns Team**
 - **Information Governance (IG) Team**
 - **Medical Staffing Team**

To clarify, this request is **not** seeking any personal data or unique identifiers. I am only requesting numerical figures for staff who have been employed in these departments since or before the specified date.

Our response:

Please see response from the relevant areas provided below:

- **Concerns Team**

The Concerns team is a central function and as such, there are no staff based at or specifically allocated to the Royal Glamorgan Hospital site. The concerns team deal with concerns from all the Health Boards care groups and those care groups cover the whole organisation rather than specific sites.

- **Information Governance (IG) Team**

As above, the Information Governance Team is also a central function, with no staff specifically based or allocated at the Royal Glamorgan Hospital. The team cover the whole organisation.

- **Medical Staffing Team**

3 Staff.
