

Freedom of Information Request: Our Reference CTMUHB_245_25

You asked:

I would like to please request information relating to the following question -

1. In the last 12 months, how many unique patients in your health board were treated with the following products:

- A) Curosurf
- B) Peyona

Our response:

Unfortunately, we are unable to provide the number of unique patients due to the way information is recorded in our Medicines Management systems.

We can confirm that the Health Board does not centrally record the specific information requested (unique patients). The information you require would be recorded within an individual patient's health record as part of their ongoing care. To provide you with this information, would require a manual trawl and significantly exceed the 18 hours time and £450 cost limit set out within Section 12 of the Freedom of Information Act.

However, to assist you with your request we are able to provide the number of issues in relation to the medicines listed above. Please find below the information Medicines Management are able to provide at this current time. The data relates to the latest 12 months available.

Product	Number of Issues
Curosurf (Poractant Alfa)	390
Peyona	218
