Freedom of Information Request: Our Reference CTMUHB_127_25

You asked:

1. Please could you tell me the current wait list timeframe for Hip Replacement (Cwm Taf Morgannwg University Health Board)?

Average wait – 76 Weeks.

Please note the following caveats – The data provided is for those who have been given the clinical condition description of one of the following:

Hip Replacement

Total Hip Replacement

Conversion to total hip replacement

The waiting length given is the average waiting time for this procedure.

2. Please could you also confirm if there is anything currently in place to catch up with the backlog of operations (for hip replacement operations)?

The Planned Care Group leadership team have produced a plan to enable the restart of elective orthopaedic operations, which commenced the week of 27th January 2025.

Please see below summary of our in-patient elective orthopaedic 'restart' plan. This includes:

- Development of a 10 bedded ring-fenced orthopaedic ward, increasing to 17 beds in April. Owing to the significance of the challenges facing the current operational environment across the entire system, this is being pursued at the earliest possible opportunity.
- Four additional operating theatres (modular) to be placed on the Royal Glamorgan Hospital site from April, which will enable the orthopaedic theatre capacity to be expanded.
- Outsourcing – CTM are engaging private sector partner organisations to secure several hundred procedures to be carried out in private healthcare settings.
