Freedom of Information Request: Our Reference CTMUHB_526_25

You asked:

1. What percentage of healthcare staff within the Health Board have completed Ask & Act training?

Our response:

As of October 2025, 74.72% of CTMUHB staff are compliant with group 1 Violence Against Women, Domestic Abuse & Sexual Violence.

The percentage of healthcare staff trained in Ask and Act training is not currently available. Group 2 Ask and Act training is not currently mandated within CTMUHB, work is ongoing to ensure this is mandated in 2026. This will allow for the health board to provide accurate compliance. However, training is provided on a targeted basis for services such as emergency departments, mental health, sexual health, midwifery and children/young people services. It is also delivered monthly to wider CTMUHB workforce.
