Freedom of Information Request: Our Reference CTMUHB_532_25

You asked:

In relation to the Freedom of Information Act, please could you advise as to whether your organisation has introduced and implemented a policy covering the following:

- Supporting Staff with the Installation of Electric Vehicle Charging Infrastructure at their home.
- Making a travel claim or any form of reimbursement for charging electrical vehicles at home (Personal or work provided) for the purpose of work-related travel.

If so, could you please provide a copy of this policy.

Our response:

We can confirm that the Health Board does not have a staff policy on EV charging at home and staff are unable to claim any form of reimbursement for charging electrical vehicles at home. However, staff are reimbursed for the mileage they travel for work purposes.
