Freedom of Information Request: Our Reference CTMUHB_456_25

You asked:

I am keen to understand the key people in the Innovation Teams please. I have added a spreadsheet to make this as easy as possible.

Our response:

For the current 25/26 financial year, there is no core funding in place to support an Innovation function within CTMUHB. The Health Board does, on behalf of the [CTM Regional Partnership Board](#) (RPB), host the Regional Innovation Coordination (RIC) hub and these staff are employed by us, with separate work plans and reporting arrangements to the RPB.

Therefore, you may wish to redirect your request to the RPB as they may be able to supply you with the information required in your spreadsheet. They can be contacted via the following email address:

hello@ctmregionalpartnershipboard.co.uk

However, it is relevant to note that there are many staff who will undertake activity related to innovation in clinical or operational practice, but it is not possible to separate out these roles.
