Freedom of Information Request: Our Reference CTMUHB_463_26

You asked:

Under the FOI act, I would like to request the maximum temperatures recorded on wards in your Health Board in:
a. June 2026
b. July 2026
c. August to date (if available).

Our response:

We do not monitor air temperatures on wards due to build design being natural ventilation. Individual wards and Directorates/Departments may capture their own temperatures however; this is not routinely or centrally recorded.
