The Health board does not centrally record Continuing Health Care (CHC) data by patient age. To obtain this information would involve a manual trawl of individual records, which we have estimated would significantly exceed the 18 hours limit

(£450 cost limit) set out in Section 12 of the Freedom of Information Act. Under the Act we are not obliged to spend in excess of 18 hours in any sixty day period locating, retrieving and identifying information in order to deal with a request for information and therefore we are withholding this information at this time.

Also, the Health Board does not commission Social Care or Residential Care and would therefore be unable to provide these elements.
