Freedom of Information Request: Our Reference CTMUHB_92_26

You asked:

1. What is the current wait time for orthoptic treatment at the Princess of Wales after optometric referral?

This depends on the priority given to the referral at triage, based on the information given in the referral letter.

We prioritise based on clinical need and so urgent referrals are brought in at next available appt if necessary, within a week if needed. Routine referrals are currently waiting 4-6 months.
