Freedom of Information Request: Our Reference CTMUHB_201_26

You asked:

Please provide the following recorded information regarding corneal cross-linking (CXL) for keratoconus patients within your Trust:

1. The current average waiting time from referral to treatment.

This would depend on the clinical priority given by the consultant at the time of triaging – for a first appointment this is currently a maximum of 52 weeks.

2. The current number of patients on the waiting list for CXL.

61 patients waiting for treatment.

3. The longest and shortest current waits.

Longest waiting 12 months.

Shortest waiting 1 month.

4. The number of CXL procedures performed in the last 12 months.

We can confirm that 14 CXL procedures have been performed between 01/01/2025 to 31/12/2025.
