Freedom of Information Request: Our Reference CTMUHB_304_26

You asked:

I am writing to request information under the Freedom of Information Act 2000 held at Health Board level for the calendar years 2023 and 2024 (if this is unavailable financial year).

* I am only requesting information already held in electronic referral systems. No manual case review is required.

* No patient identifiable data is requested.

* If information is not held or extractable from the electronic systems for any question below, please confirm this.

1) Anonymised breakdown of all Urgent Suspected Cancer (USC) referrals received from GP practices

Please provide the total number of USC referrals received during 2023 and 2024.

For each USC referral received, please provide:

* **GP practice identifier (e.g., practice code)**

* **Specialty to which the referral was made**

Please note - Where the figures are less than 5, this has been denoted by **. The exact figures have been withheld due to the low numbers involved.

Where numbers are low we have considered that there is the potential for the individuals to be identified from the information provided, when considered with other information that may also be in the public domain. Also, responses under the Freedom of Information Act are made available to the public at large. The data is classed as personal data as defined under the General Data Protection Regulation (GDPR) and Data Protection Act 2018 and its disclosure would be contrary to the data protection principles and constitute as unfair and unlawful processing in regard to Articles 5, 6, and 9 of GDPR. We are therefore withholding this detail under Section 40(2) of the Freedom of Information Act 2000. This exemption is absolute and therefore there is no requirement to apply the public interest test.

2) Outcome of each USC referral

For each referral included above, please provide information on whether the referral was:

* Outcome, or

* Rejected at remote triage, or

* Downgraded or redirected to a non USC pathway at remote triage

If unable to provide a detailed breakdown, please provide numbers or

**proportion of referrals downgraded OR rejected.
If unable to provide any information on rejected or downgraded referrals, please confirm this**

Our electronic triage system was being implemented on a rolling specialty basis during 2023 and 2024. Therefore, we are unable to provide a complete or consistent answer to this question.

**3) Conversion rate for USC referrals that were seen as USC
Please provide, for each referral that was seen on the 2-week wait pathway following an USC referral:**

*** Whether or not the patient subsequently received a confirmed cancer diagnosis**

If unable to provide, please supply information on the USC referral conversion rate, defined as the proportion of patients who subsequently received a confirmed cancer diagnosis.

The conversion rate for USC referrals that were seen as USC was 6.6%.

**4. Conversion rate for downgraded and rejected USC referrals
Please provide, for each referral that was rejected, downgraded or redirected to a non USC pathway at remote triage:**

*** Whether or not the patient subsequently received a confirmed cancer diagnosis**

**If unable to provide, please supply information on the rejected AND downgraded USC referral conversion rate, defined as the proportion of patients who subsequently received a confirmed cancer diagnosis.
If unable to provide any information on outcome of rejected or downgraded referrals, please confirm this**

Our electronic triage system was being implemented on a rolling specialty basis during 2023 and 2024. Therefore, we are unable to provide a complete or consistent answer to this question

5. Outcome for confirmed cancer diagnosis among downgraded and rejected USC referrals

Please provide, for each confirmed cancer diagnosis among referrals that were rejected, downgraded or redirected to a non USC pathway at remote triage, time from USC referral to:

*** First face to face secondary care clinical review**

*** Cancer diagnosis**

*** Initiation of treatment**

If unable to provide any information on outcome of rejected or downgraded referrals, please confirm this

Our electronic triage system was being implemented on a rolling specialty basis during 2023 and 2024. Therefore, we are unable to provide a complete or consistent answer to this question
